

Dear C.E.A. Family,

This is a time for renovation, a time to look at our blessings and to set priorities in our lives. It is a time to look at our children, to enjoy them, to bless them and to ascertain that besides the toys and "things" they get from Santa, they receive the emotional and spiritual gift they need to become healthy adults.

May the humble baby from Bethlehem give us much love, health, tolerance and compassion. May He give us the wisdom to slow down, enjoy, and be gentle with each other. May He give us the patience and gentleness to look at the beauty of mankind and forgive its weaknesses. May we have a New Year of peace, generosity and physical and spiritual health.

Wishing you a season of joy and wonder!

A handwritten signature in black ink, reading "Maribel G. Lopez". The signature is written in a cursive style with a long, sweeping underline.
