Notice to parents enrolling students under the FES-UA scholarship: Please note that our school accommodates students with disabilities in accordance with federal and local laws. However, your child may not necessarily receive the types of accommodations or related services he may be entitled to receive at a public school, as public schools have different obligations under the IDEA. The IDEA does not apply to private schools. We are happy to have a conversation with you about the accommodations your child may need and those we may be able to provide at our school.
